EVAN THOMAS, PRINTER, MENAI BRIDGE.

## WELSH DAFFODILS.

A new industry has quietly and steadily been developing at Llanfair P.G., in the Isle of Anglesey, and at St. Asaph, in the Vale of Clwyd, where the daffodil is being grown in large quantities. The Welsh daffodils have already carried off the principal challenge trophies, cups, championship and other medals and prizes at the Royal Horticultural and the Midland Daffodil Societies' Shows. This year they have been awarded a Silver Gilt Medal, and two awards of Merit by the Midland Daffodil Society. Also a First-class Certificate and three awards of Merit by the Royal Horticultural Society.

---

## WELSH TULIPS.

The best of the Darwin and Cottage tulips are also grown to perfection on the Welsh Bulb fields. They have three times been awarded a Silver Gilt Medal by the Royal Horticultural Society, and at the Chelsea Show this season they were awarded a

### SILVER CUP.

The following are cuttings from two of the leading horticultural papers describing one of our exhibits:—

"The Exhibit was magnificent . . . Seldom has a more imposing display of cut blooms been seen in the Hall."—*The Gardener's Chronicle*.

"A superb exhibit occupying nearly the whole of one end of the Hall—there were nearly **60** varieties, all beyond criticism."—*The Journal of Horticulture*.

Our list contains a selection of the best varieties of daffodils and tulips in cultivation. We grow large stocks of many of these on the Bulb Farm at Llanfair P.G. Our chief object is to show that Daffodils and Tulips can be and are grown to perfection in the British Isles, and more especially in Wales. When ordering your bulbs we ask you to remember that home-grown Daffodils and Tulips are as good and better than any you could get elsewhere, and you will have the satisfaction of knowing that your money will go to pay wages in this country if you buy our Welsh bulbs.

W. A. WATTS, F.R.H.S.

(MANAGING DIRECTOR).

## General List of Daffodils.

...and the following day I went to the beach at the mouth of the river. The water was very shallow and there were many small pools where the fish were swimming. I saw many different types of fish, including some that I had never seen before. I also saw some birds, including a heron and a pelican. The beach was very sandy and there were some palm trees in the background.
